## **Emotional Health and Well Being Practitioners**

### **Background Information**

Bolton Together is seeking two Emotional Health and Well-Being Practitioners to establish and co-ordinate a Central Hub for referrals into the Bolton Together Emotional Health and Well Being Service for children and young people aged 2 – 19 years. Each practitioner will focus on and connect to specific neighbourhoods within Bolton supporting young people and families in these neighbourhoods and connecting them to the services and activities available.

#### **The Thrive Alliance Programme**

The Thrive Alliance is a CCG and Lottery Funded Programme to support children and young people between 11 and 19 in Bolton with their emotional health and wellbeing. Adopting the IThrive Model five voluntary sector providers provide information, advice and signposting and 'Getting Help' and 'Getting More Help' IThrive interventions. Working closely with the wider Children's and Young People's workforce in Bolton we aim to improve access to support and provide the right care at the right time.

#### **Emotional Health and Well Being – CYP 0 – 19 Contract - Voluntary Sector Provision**

Bolton Together is delighted to be working alongside NHS Bolton Foundation Trust to provide a range of interventions to support children between the ages of 2 – 11 years old and their parents/carers with their emotional health and wellbeing. This is an exciting new collaborative model and following an Expression of Interest process we are currently distributing funding to successful member organisations to increase their capacity to deliver the right support at the right time.

A key element of both programmes is the establishment of the central referral Hub to ensure clear pathways and timely and appropriate access to the range of Bolton Together emotional health and well-being interventions.
