

Why My Voice Matters

We asked a group of young people from Bolton Lads and Girls Club why their voice mattered to them. Here's what they had to say:

My voice is like your WIFI. It allows you to connect with people and learn about yourself and others

Respect

To be listened to . . . Being heard

To be able to stand up to bullies

To make an impact!

Speak your own mind

Tell people how you feel

Learn more about how to support the voice of the young person you are referring by accessing our online guidance.
