The Bolton Together Membership Principles

We are passionate about working collaboratively to improve the lives of children and young people in Bolton. We believe in working together by:

- **Jointly delivering programmes**
- **Sharing good practice, knowledge, and expertise**
 - **Supporting one another**
- **Increasing opportunities for Bolton's community and voluntary organisations**
- **Improving outcomes for children and young people.**

To do this successfully members need to have a shared understanding of the expectations of being part of our consortium. To support this to happen we have set 7 principles - which we ask all members to abide by and which continued membership is reliant on.

The intention is that these principles will create a positive partnership environment. If you have any concerns about any aspect of the consortium or a member organisation, we encourage you in the first instance to speak to the Chief Executive Officer, Louise McDade to discuss your concerns.
